Re: Receipt of Interim Surety, Larson Limestone Quarry, M/049/011, Utah County, Utah

Dear Mr. Hardman:

This letter is to acknowledge that on March 31, 1997, the Division's received Larson Limestone's interim surety bond in the amount of \$50,000 being held at Zions Bank of Utah, American Fork Branch. Thank you for your help in submitting this interim bond as was required by the Board of Oil, Gas and Mining.

May we also remind you that in our March 6, 1997 letter, the Division requested that we receive a response to our September 17, 1996, review of your large mining operation by April 25, 1997. We anticipate a timely receipt of your response.

If you have any concerns regarding this letter, please contact me immediately.

Sincerely,

Lynn Kunzler  
Senior Reclamation Specialist
